## Security Advisory

### WannaCry Vulnerability - CVE-2017-0144

#### Details

OpenText is aware of and has been carefully monitoring the recent news surrounding the **WannaCry** vulnerability.

In an effort to help reduce the risk to our customers, OpenText is proactively reviewing its internal systems and products to assess the potential impact of the issue described in [CVE-2017-0144](#). Once we complete a technical risk assessment, vulnerable OpenText systems and products will be remediated with available patches. At this point in time, we have not been impacted but continue to reassess our environments as new information becomes available.

At OpenText, we are committed to upholding our obligations regarding the security and privacy of our customers' information. As such, we will continue to evaluate our software products and take necessary action to reduce any potential risks associated with this vulnerability.

#### More Information

For more information, contact your local [Customer Support](#) office.
